JOINT MOTION TO AMEND DISCOVERY PLAN

Now come the parties in the above referenced matter and respectfully request that this Honorable Court amend the Discovery Plan by enlarging the time to conclude all discovery, as set forth below. As grounds therefore the parties state as follows:

(1) This is a complex medical malpractice action in which the plaintiff alleges that Dr. Arrigg negligently performed a revision tympanomastoidectomy resulting in an encephalocele and brain abscess.

(1) There are numerous physicians who have treated the minor plaintiff, Richard Morrill and multiple depositions of non-party witnesses that must be taken in order to adequately assess the plaintiff's course of treatment and alleged damages.

(3) The case was transferred to the Suffolk Superior Court for the limited purpose of convening a medical malpractice tribunal pursuant to M.G.L. ch. 231 § 60B and the case was stayed pending the decision of the tribunal. (Exhibit A). Despite numerous requests, both in writing and on the phone, a medical malpractice tribunal did not occur until October of 2006 given the reported difficulties of retaining an otolaryngologist to sit as the medical member of the panel. On or about October 27, 2006 that medical malpractice tribunal went forward with a finding in favor of the plaintiff.

(4) The case was not returned to the Federal Court until March 5, 2007. (Exhibit B).

(5) Counsel for both parties have worked diligently to schedule the deposition of the defendant Dr. Arrigg. Given numerous scheduling conflicts, Dr. Arrigg's deposition has been scheduled for August 1, 2007 and is expected to go forward at that time.

(6) Once the deposition of Dr. Arrig is taken, counsel can determine what additional depositions, including but not limited to expert depositions are required.

The parties respectfully request that this Honorable Court enlarge the time allotted in the proposed discovery plan as attached hereto so they may adequately prepare for trial.
